

MOUNTAIN CEMENT COMPANY
5 Sand Creek Road, Laramie, WY 82070

A civil/mechanical engineering intern position is available at Mountain Cement Company. This position has a flexible schedule. Duties include creating drawings using AutoCAD, taking field measurements and field data, verifying prints in the field, and working with plant personnel on projects. If you are interested, please contact Taylor Leaming or Debbie Vasey at 745-4879, and come to the plant office to pick up an application. Resumes can be sent via fax to 742-4534, attn: Taylor Leaming or Debbie Vasey, emailed to tlearning@mountaincement.com, or dvasey@mountaincement.com or hand delivered to the front office at the plant site. An application is required for consideration. These can be picked up at the front office at the plant, which is located at #5 Sand Creek Road. The plant is located just south of the Laramie city limits (south of the overpass) and west of Hwy 287.
